

CALL FOR PAPERS

2020 IEEE CAMA

International Conference on Antenna Measurements & Applications - Focus on Systems –

23-25 November 2020, Antibes Juan-les-Pins, France

Sponsor: IEEE Antennas and Propagation Society (<http://www.ieeeaps.org>)

Suggested Topics

- Antenna Measurements in Controlled and Non-Controlled Environments
- Electromagnetic Measurement Methods and Techniques
- Scattering and Diffraction Measurements
- Near-Field and Far-Field Measurements
- Radar, RCS Measurements, and Processing
- Microwave, Millimeter-Wave, and THz Systems
- Sensors
- Modeling, simulations, and predictions of Measurements in Realistic Environments
- Inverse & Imaging Methods and Techniques,
- Applications: Electromagnetic Metrology and Compatibility, Radar, Terrestrial and Spaced-Based Communications including Wireless Communications, Sensing, Electronic Warfare, UAVs, UAS and Drones, Non-Destructive and Evaluations Testing, Industry, Medicine, and E-Health, etc.

Abstract (1 page) Submission Deadline: 1 June 2020
Notification of Acceptance: 1 July 2020
Final Paper (2-6 pages) Submission Deadline: 1 September 2020

2020 IEEE CAMA Industrial Engineering Paper Award
2020 IEEE Antennas and Propagation Ulrich L. Rohde Innovative Conference Paper Awards

General Chair

Christian Pichot, Université Côte d'Azur, CNRS, France
(christian.pichot@univ-cotedazur.fr)

General co-Chairs

Roberto Graglia, Politecnico di Torino, Italy
(roberto.graglia@polito.it)
Tapan K. Sarkar, Syracuse University, USA
(tk Sarkar@syr.edu)

Information for Authors

Authors of original work in the technical areas of interest are encouraged to submit one-page abstract and after acceptance to upload a two to six page-final paper of their work through the electronic submission system available at the conference website <http://2020ieeecama.org> (to be open soon).
All papers must be presented by one of the authors.
